Position Description

Policy Associate
The Forum for Youth Investment

FULL TITLE: Policy Associate for Evidence-based Policymaking
SUPERVISOR: Director, Policy & Research
PURPOSE: The Policy Associate will participate in the full range of the Forum’s policy activities, with a focus on advancing evidence-based policymaking.

Organization & Background
Founded in 1998, the Forum for Youth Investment is a national nonprofit, nonpartisan “action tank” committed to changing the odds that all children and youth are ready for college, work and life. The Forum connects leaders to ideas, services and networks that can help them make more intentional decisions that are good for young people, even in the face of limited resources. It helps leaders who are trying to improve & align policies, plan & partner for impact, and/or strengthen programs & adult practice across all the systems and settings where young people spend time.

To ensure all young people are ready for college, work and life, policymakers and practitioners need to generate and use the best available evidence to drive decisions. For years, the Forum has helped policymakers and practitioners use evidence for improvement, integrate multiple types of evidence into decision-making processes, and elevate the role of evaluation. The Forum is now building on these efforts by developing and applying an equity lens to the processes that underlie how evidence gets generated and used, including:

- For, by, and about whom we generate evidence,
- What knowledge is considered rigorous, valid, and important,
- Who has voice in the processes of generating and using evidence.

The Forum is a thriving organization with a budget of over $11.3 million, a staff of 50+ and headquarters in Washington DC. The Forum overall is funded by a mix of foundations and corporations with a growing fee-for-service contract base.
