Position Description

Policy Manager
The Forum for Youth Investment

FULL TITLE: Policy Manager for Children’s Cabinet Networks
SUPERVISOR: Director, Policy & Research
PURPOSE: The Policy Manager will participate in the full range of the Forum’s policy activities, with a focus on managing the Forum’s State and Local Children’s Cabinet Networks.

Organization & Background

Founded in 1998, the Forum for Youth Investment is a national nonprofit, nonpartisan “action tank” committed to changing the odds that all children and youth are ready for college, work and life. The Forum connects leaders to ideas, services and networks that can help them make more intentional decisions that are good for young people, even in the face of limited resources. It helps leaders who are trying to improve & align policies, plan & partner for impact, and/or strengthen programs & adult practice across all the systems and settings where young people spend time.

The Forum, working with partner organizations, manages State and Local Children’s Cabinet Networks to systematically change the fragmented ways that governments traditionally do business for children and youth. No single support or program is enough to ensure children and youth are on track developmentally, educationally, socially, and emotionally. Therefore, children’s cabinets — typically made up of the heads of all state or local agencies whose programs touch children and youth — play a pivotal role in fostering the overall well-being of young people by coordinating services, developing shared outcomes, and collaboratively determining and delivering on shared goals and strategies. Our networks support the state and local leaders that directly manage these children’s cabinets, helping them to increase the efficiency and effectiveness of their efforts to improve child and youth outcomes. In addition, the Forum works closely with federal policymakers to facilitate problem-solving and policy alignment across federal agencies and all levels of government.

The Forum is a thriving organization with a budget of over $11.3 million, a staff of 50+ and headquarters in Washington DC. The Forum overall is funded by a mix of foundations and corporations with a growing fee-for-service contract base. For more information on this portfolio, please visit https://forumfyi.org/work/ccn/.
